Growing Your Business Do you know how to grow your business? There are certain things that can be done but it's very important to know your strengths as well as your weaknesses. What can you do? You can work on your strengths and bring on new people, something you can do but it has its pros and cons. You can also look at what your weaknesses are, work on them and see what you can do to change them. Here are a few ways to grow your business. But first, do you know what your business' strengths are? If you don't know your business' strengths then what the hell are you doing? A business that isn't working is not worth doing. If you are working then you have to make sure that you do it right. What do you do that others don't? You might be able to recruit a good sales team, or you might have won some contracts over the last year, whatever your strengths are. The most important thing is that you are doing something and that something is increasing your business.
